Hi Greg,

Thanks for the heads up. The road repair contractor will be doing some road work on Leviathan Mine Road close to hwy 395 but they have traffic control so it shouldn't be a problem. I do know that the state is expecting a lime slurry delivery tomorrow but we aren't sure what time. Safe Travels.

-Britt

Subject: Leviathan Mine - Continuous Water Quality Monitoring - Sonde Maintenance 6/1-2

Hi Britt,

Just wanted to give AMEC a heads up that Shannon Behmke (EPA) and myself will be working below the mine maintaining the 4 WQ monitoring stations along Leviathan, Aspen and Bryant Creeks this Thursday and Friday. Sorry about the late notice. Please forward along as you see fit as I wasn't exactly sure who to contact this time. We will be driving the same blue Ford Expedition with government plates as before. Please let me know of any anticipated difficulties along the mine road. I can be reached at 707.373.7801 while in the field. Thanks.
